COLLECTION TERRITOIRES

Small geometric motifs, generous wavy lines, a sea of dots, or subtle patina effects: the design shines through the interwoven yarns ...

COLLECTION TERRITOIRES

Territoires is Balsan's flagship structured carpet collection. With materials made of matt and shiny yarns, this range brings some texture and sensuality to contemporary floor coverings. A wealth of materials and graphic designs inspire this diverse range of textile flooring that enhances the best hotels.

LA COLLECTION

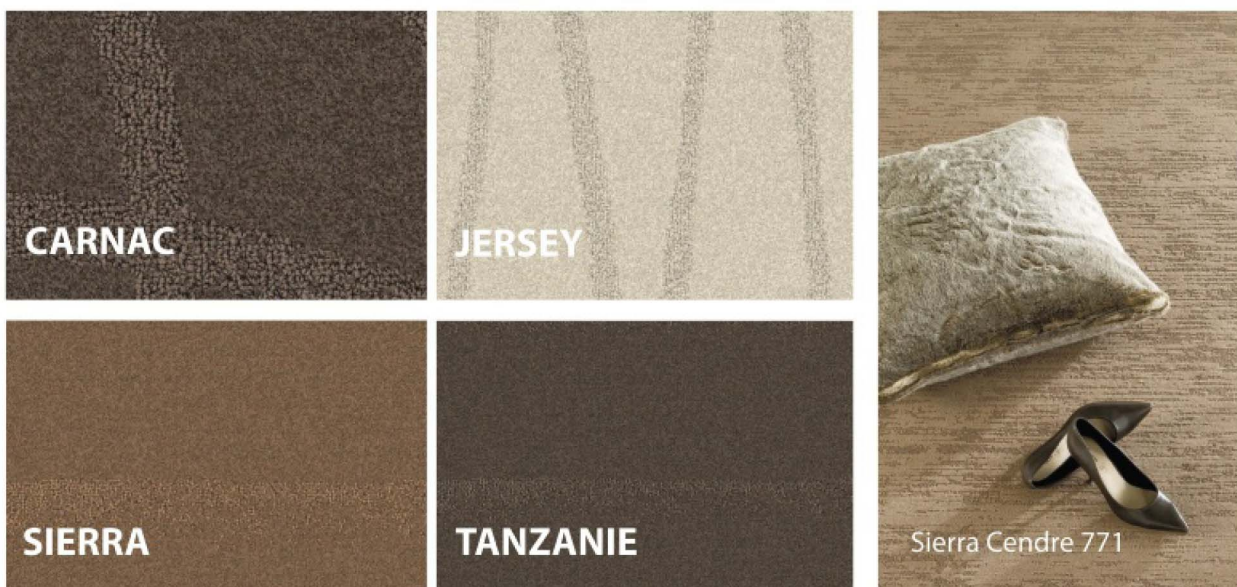

The Territoires collection is available in 3 designs:

LIMITED EDITION

The collection goes even further with 4 shades:

FRENCH COUTURE

LE CHIC À LA FRANÇAISE
DRESSING FLOORS WITH ELEGANCE

French Couture is available in ranges: Ready to Install and Tailor-Made.

Ready to Install

The collection re-visits the great fashion classics, such as tweed, floral patterns, embroidered features and damask effects. Here decoration adopts the rules of dressmaking to make creations which appear unique and hand-made.

15 products are available including 9 French Couture designs, some of which are available in several shades.

Neutral and elegant shades easy to marry and existing decor, set off with livelier colours and timeless and stylish patterns, reminiscent of the great names from the world of fashion.

Tailor-Made

French Couture is also available in bespoke products from 400m² so you can create your own look, using two different tools:

. Either you can draw inspiration from the proposed French Couture motifs by adapting and modifying the design according to the configuration of the room to be decorated and the colours using the 'Colour my MBrodery' tool Let loose your creativity with our innovative technology !

. Or create your own pattern, with support from the BALSAN team. Your design can be produced in various formats: Roll (400cm), tiles (50x50cm) or planks (25cmx100xm).

FOCUS ON

THE 'COLOUR MY MBRODERY' TOOL

With 'Colour my MBrodery' you can create sophisticated designs that are as elaborate as embroidery. The MBrodery system uses up to four different colours of reclaimed Econyl[®] fibres and offers very high precision in terms of details. A three step design process: choose your pattern, colour balance and dominant colour.
