The looks you want, the comfort you need

Quiet, strong and 100% waterproof

Enjoy your luxury vinyl floor for many years to come thanks to the sealed top layer with Stain and Scratch Guard technology. This layer ensures superior protection from scratches, stains, dirt and scuff marks. Moreover thanks to their excellent water resistance, our luxury vinyl floors are the perfect choice for every room, even bathrooms or kitchens. The water-repellent layer makes them super easy to clean. These warm, comfortable floors are a pleasure to walk on – even barefoot. Prefer to keep your shoes on? All Livyn floors are silent: you barely hear a thing.

A wide variety of beautiful, natural looks

The Quick-Step Livyn collection includes a wide range of natural-looking wood and stone designs, each with its own authentic character. The extra matt finish makes them nearly indistinguishable from real wood and tile flooring. For a perfect finish, we select the bevels and structures that match your favourite design.

Installed in 1-2-3

Livyn floors are thin and flexible, which makes them the ideal choice for installation over existing floors. You can even do it yourself; all you need is a knife to cut the floor boards! Livyn truly is the perfect solution to renovate a room.

The Uniclic® Multifit installation system is specially developed for Livyn floors. It ensures a worry-free installation, even in tight corners and under radiators.

How to install your Livyn floor

Installing a Livyn floor is very easy. Don't believe it? Let us help you with our installation videos at bit.ly/ytquickstep

Did you know vinyl could be so beautiful?

Inspired by nature, our luxury vinyl floors are nearly indistinguishable from real wood and tile flooring.

Whichever room, whichever style you prefer, Quick-Step has the right luxury vinyl solution for you. Each Livyn floor has its own unique look and feel. Our designers offer you a collection with a wide variety of possibilities: lively colours, beautiful patterns, edgy structures, amazing details,... The details make the difference

Each luxury vinyl floor has its own story and a unique look and feel. The Quick-Step designers carefully select the structure, treatment, finishing and bevel, perfectly in line with the character of each floor design.

The icons indicate the specific design characteristics of every floor.

AMGP 40139

Structure

Elegant wood structure

A subtle surface texture with a fine grain structure that gives a wood effect with a very natural look and feel.

Natural wood structure

A surface texture where the grain, knots and cracks that are visible in the design can also be felt in the surface structure. Just like real wood.

Intense wood structure

This distinct structure has varying depths and gloss levels accentuating the knots and cracks. The design and surface structure is more pronounced than the natural wood structure.

Stone structure

A surface texture that realistically displays the structure of a stone pattern.

Treatment

Brushed

A surface effect that gives the appearance of brushed wood. The brushed treatment adds depth and authenticity to a Livyn floor.

Saw cut

This effect gives the impression of rough sawn wood thanks to the visible and tangible saw cuts.

Finishing

Matt finish

A matt gloss giving the floor a very natural look.

Rustic bevel

Distinctive dark coloured bevel emphasising the rustic and reclaimed character of the floor.

Modern bevel

The bevel defines the plank edges resulting in a clean, modern look.

Nano bevel

Fine nano-beveled edges offer the look of a minimalistic, modern floor.

Going vertical

Install Quick-Step luxury vinyl on walls

Did you know that Quick-Step luxury vinyl flooring can be applied to wall surfaces as well? This makes it possible to extend the aesthetics of your floor to one or more walls of your interior and creates a unique and stylish sense of space. It's even possible to install Quick-Step Livyn in the shower!

4 golden rules

- 1 Use glue-down Livyn floors:** pick your favourite from our Pulse, Balance or Ambient Glue+ collection.
- 2 On a wall:** start from a flat and dry surface and use an appropriate adhesive (e.g. Ultrabond ECO MS 4LVT/wall,...).
- 3 In a shower:** start from a flat, dry, and vapour-proof surface. Use a joint sealer (e.g. Mapecoat 4LVT,...) on any wall exposed to water.
- 4 Installation:** always read the specific installation instructions at www.quick-step.co.uk

STEP 1 INSTALLATION

Install your floor without hassle!

1 Easy installation thanks to the drop-down click system

Our Uniclic® Multifit click system is developed especially for Livyn floors, making them fast and easy to install. The improved drop-down technology provides extra strength thanks to the vertical and horizontal locking.

2 Install Livyn on underfloor heating and cooling

Thanks to the excellent thermal conductivity, Livyn floors are suitable for installation over standard underfloor heating and cooling.

For more information:
visit www.quick-step.co.uk

3 Renovation friendly

Livyn floors are thin and flexible so they can easily be laid on top of existing, level floor coverings. This will save you a lot of removal effort and let you renovate your space without any hassle.

Installation tools

Install your vinyl floor in an easy and professional way with the handy Quick-Step Livyn installation tool and knife.

CLICK

Installing your Livyn floor is easy thanks to the patented Uniclic® Multifit for Livyn click system. A good underlay has a major impact on the final look, quality and comfort of your Quick-Step Livyn floor. Use a Basic underlay for all common installations. For situations with high temperature variations (e.g. conservatory), use the Livyn Sunheat underlay.

- A Quick-Step underlay levels and helps to prevent small irregularities.
- It provides excellent acoustic insulation and reduces creaking noises when you walk across the floor.
- Suitable for floor heating and/or cooling.

GLUE

The Quick-Step Livyn Glue+ ranges should also be glued down. In conjunction with the glue specialist Soudal, Quick-Step developed a high quality glue especially for Livyn.

- Spreads easily and guarantees fast adhesion.
- Damp-proof.
- Suitable for floor heating and/or cooling.

Quick-Step® LIVYN GLUE

15kg: QSVGLUE15 = for +/- 50m²
6kg: QSVGLUE6 = for +/- 20m²

Quick-Step® LIVYN TROWEL

QSVA2

The Livyn glue trowel ensures the perfect glue consumption per m². To be ordered separately.

For the best results, whether clicking or gluing, always start with a level subfloor. Make sure it's completely dry and free of dust and grease. **For more advice about preparing your subfloor, visit www.quick-step.co.uk or your local Quick-Step retailer.**

STEP 2 FINISHING

Finish perfectly

Finish your floor perfectly with the Quick-Step skirtings and profiles.

Quick-Step®
CLEAN FOR LIVYN
QSVCLEANING750

Specifically developed for Livyn, Quick-Step Livyn Clean takes care of the daily maintenance of your floor. It protects the special top layer that helps to preserve original beauty and natural matt look of your floor.

We invest in energy-efficient production

We generate energy out of internal waste.
The Livyn production plant uses this as its main source of power.

We continue to minimize our water use. 97% of our water supply for production is recycled water and more than 1000 m³ rainwater is reused.

We use carefully screened raw materials

Quick-Step Livyn does not contain any harmful substances.
We only use phthalate free plasticizers.*

Our internal waste is 100% recycled.

Quick-Step livyn is a safe and extremely durable floor

Thanks to the perfectly sealed surface, the emission of volatile organic compounds is over 50 times lower than the most stringent European norm.

Thanks to the Scratch & Stain Guard technology, dirt can just be wiped off the floor, keeping the floor hygienic.
No aggressive cleaning agents needed.

* The same phthalates can be used in PVC for kids toys or for food purposes.
